

Iceland's "Ring-Ride" for Adventure Enthusiasts

July 2-12, 2019

Our 9-day tour explores the “Ring Road” that circumnavigates the entire island. With unique landscapes seen nowhere else on earth, Iceland is like landing on an alien planet. Iceland has rightfully earned its reputation as the Land of “Fire and Ice.” Imagine seeing glaciers, geysers, volcanos, and arctic deserts—all within one incredible journey. Experiencing Iceland on a motorcycle magnifies that impact. Iceland is known for its over 10,000 sensational waterfalls — including the largest in all Europe that you will see. The landscape today gives little hint that it was once covered with trees, followed by centuries of ice age and erupting volcanos.

The Tour starts in Reykjavik and moves clockwise, covering more than 90% of the entire Island, taking in iconic sights like the Black Falls of Svartifoss, the towering basalt formations of Reynisfjara, and the volcanic pseudo-craters of Myvatn. Daily riding miles range from 125-180; arriving mid-afternoon at a Hotel or Guesthouse, occasionally staying 2 nights in areas that have special interest or a loop-ride not to miss. Join this riding adventure with warm hospitality, great food, and landscapes like nowhere else in the world. www.blustradatours.com

An Adventure to Iceland!

Presented by
Blue Strada Enterprises

What: 10-Day Motorcycle Tour of Iceland

When: July 2-12, 2019

Hospitality: 3- Star Inns or above; Breakfasts & Some Dinners Included.

- **July 2:** Arrival to Reykjavik that includes a trip to “The Blue Lagoon”
- **Day 1:** Departing Reykjavik in a clock-wise direction for 180 miles to Borgarnes and a wonderful stay in a Farm Guesthouse.
- **Day 2:** Our route leads us to the 2nd city in Iceland Akureyri and more unusual sites including the Turf Museum. Our stay for the next 2 nights is another farm with wonderful owners who will also fix our dinner.
- **Day 3:** A loop ride of the northern most peninsula the includes the Herring Museum before returning to Farm Eyglo.
- **Day 4:** Continuing east to Myvatan and the immense crater lake of the same name. Overnight at Hotel Myvatan. Distance 140 miles.
- **Day 5:** Exploring the Lake Myvatan area including the giant waterfall, Godafoss.
- **Day 6:** Continuing to the east coast of the island to the village of Borgarfjordur and a resort Spa hotel. Along the way Dettifoss Falls
- **Day 7:** A longer day with 165 miles to the south coast village of Hofn with more amazing scenery along the way to another Country Hotel.
- **Day 8:** proceeds another 180 miles to the coastal town of Vik and an amazing adventure 4x4 Tour into the backcountry
- **Day 9:** From Vik we return to Reykjavik with 175 miles and views of more geysers and giant waterfalls.
- **July 12:** Departure day for most but consider the opportunity to visit more of Reykjavik city.
