This extraordinary tour of the Iberian Peninsula starts in the city of Porto and on Day 1 reaches into the Douro Valley and its centuries-old hillside vineyards, eventually delivering us to the mountain village of Lousa. Along the way, we visit the vast beauty of Peneda-Gerês National Park, which is the first and only protected area to be established in Portugal. Its rugged hills are home to deer, wolves, golden eagles, and beautiful waterfalls. On to Serra da Estrela—the largest mountain range in mainland Portugal—that can make one feel as tiny as the sheer size of its imposing valleys.

Guest highlight of the Ladies First Tour will include sharing the road with two very special ladies. WomenRidersNow.com (WRN) **Editor, Tricia Szulewski**, began riding motorcycles in 1995 and has been one of very few women working full time in motorcycle media since 1999. In 2008, she became a MSF RiderCoach and since 2015 has been managing one of Connecticut's busiest motorcycle training sites. Tricia has 'ridden and written' about hundreds of motorcycles from every category and type. [www.WomenRidersNow.com](http://www.WomenRidersNow.com)

**"Round the World" motorcyclist Elspeth Beard** is one of a select band of bold women to ride a motorcycle around the world, and she was the first Englishwoman to do so. She achieved this feat a quarter of a century ago, long before sat-nav, internet and mobile phones. [www.elspethbeard.com](http://www.elspethbeard.com).
